AURORA SOFTWARE

RECOVERY SERVICE SCHEDULE

CONTRACT TITLE: Resident-Service Recovery Schedule
CONTRACT ID: C14
CONTRACT TYPE: other
EFFECTIVE DATE: 2027-01-13
PARTY A: Aurora Software Private Limited (the "Company")
PARTY B: Willow Housing Private Limited (the "Counterparty")
GOVERNING LAW: India

SERVICE COMMITMENT

The parties adopt this recovery schedule for resident-service continuity. It supplements their operating relationship without changing the monthly availability measurement or the data-processing allocation in the agreements identified below.

1 RECOVERY BOUNDARY

1.1 Aurora Software Private Limited (P01) shall provide recovery service DR-RESIDENT for Willow Housing Private Limited (P03), covering DS-HOUSING and the APP-HABITAT recovery copy. Controller and Processor roles remain as in C07.

1.2 The service uses the backup nodes hired under C09. Their hire ends on 2027-06-30, while this schedule continues through 2027-12-15; no extension or substitute equipment is attached.

2 ACTIVATION AND RESTORATION

2.1 A recovery activation accepted from Kavya Paul starts a 4-elapsed-hour restoration window. Aurora must restore the complete recovery copy within that window. An evidenced completion at exactly 4 hours satisfies the target.

2.2 The activation and completion must identify DR-RESIDENT and the same activation ID. A partial restore is not completion. A recovery exercise alone is not proof of production unavailability or unauthorized disclosure.

3 COMMERCIAL ADJUSTMENT

3.1 Willow pays Aurora INR 40,000 per billing month by day 5 of the following month at 17:00 UTC against RECOVERY-YYYY-MM. The first partial month 2027-01-13 through 2027-01-31 is billed at the full fee and due on 2027-02-05. No late-payment interest is specified.

3.2 A missed restoration window earns Willow a credit of 20 percent of the monthly recovery fee, capped at INR 8,000 for the month. Only one such credit applies in a month and no additional speculative loss is included.

3.3 Do not import the APP-ATLAS hosting thresholds from C01 or a monthly APP-HABITAT availability result from C10 into this elapsed recovery test. Each remedy retains its own evidence requirements.

4 HANDLING OF RECOVERY COPIES

4.1 Recovered resident information remains confidential and subject to the processing instructions and applicable privacy requirements under C07. Aurora shall control access and maintain an audit of recovery operations. This schedule gives Willow no right to Aurora development tools.

5 SERVICE PERIOD AND EXIT

5.1 This schedule runs from 2027-01-13 through 2027-12-15 without automatic renewal. An uncured material breach permits termination after notice and 10 calendar days to cure. Convenience termination requires 45 days notice; accrued credits survive.

6 REMAINING ALLOCATION

6.1 Recovery credits are the sole monetary remedy for the restoration-window miss. Other ordinary damages are limited to INR 480,000, except fraud and third-party claims caused by a party infringement or unauthorized disclosure, for which that party indemnifies the other. Assignment needs consent; proven force majeure requires notice and mitigation. Indian law and Pune courts govern.

7 SERVICE ACCEPTANCE

7.1 Mira Sen for Aurora and Kavya Paul for Willow accept this schedule on 2026-12-24. Notices use aurora-legal@aurora.example and legal@willow.example. UTC governs elapsed times and calendar days govern date-based notices.

SCHEDULE A - RECOVERY PARAMETERS

Reference	Item	Agreed particulars
Row 1	DR-RESIDENT restoration	Within 4 elapsed hours of accepted activation
Row 2	Monthly recovery fee	INR 40,000
Row 3	Missed-window credit	Credit: 20 percent of fee; monthly cap INR 8,000
Row 4	Backup equipment hire ends	2027-06-30 under C09
