WILLOW HOUSING

SMART BUILDING PARTNERSHIP

CONTRACT TITLE: Smart Building Supply and Partnership Agreement
CONTRACT ID: C08
CONTRACT TYPE: supply
EFFECTIVE DATE: 2027-02-01
PARTY A: Aurora Software Private Limited (the "Company")
PARTY B: Willow Housing Private Limited (the "Counterparty")
GOVERNING LAW: India

PROJECT CHARTER

The parties wish to coordinate a housing-technology pilot and a separate purchase of surplus controllers. They record those commercial commitments before the administrative provisions. Existing leases and sale orders continue on their own terms.

1 PILOT PARTICIPANTS

1.1 Aurora Software Private Limited (P01) and Willow Housing Private Limited (P03), also parties to customer supply agreement C04 and lease C05, enter PROJECT-HABITAT for a smart-building deployment pilot. This agreement concerns deployment coordination and the separate surplus-controller procurement in clause 3.1. It does not replace C04, C05 or any APP-ATLAS obligation under C02. Company legal notice address: aurora-legal@aurora.example. Counterparty legal notice address: legal@willow.example.

2 DATES AND EFFECT

2.1 Signed on 2027-01-20; effective from 2027-02-01 at 00:00 UTC through 2027-05-31 inclusive, with no automatic renewal. No obligations under this agreement accrue before its effective date. Ingestion or upload does not change that date.

3 ADDITIONAL CONTROLLER PROCUREMENT

3.1 Willow has surplus unopened AX-7 controllers from a completed housing installation. Aurora commits to purchase 100 AX-7 controllers from Willow for delivery on 2027-02-20 at 17:00 UTC for INR 600,000, payable on 2027-02-28 at 17:00 UTC against invoice WILLOW-AX7-2027. This is a separate procurement from order SO-AX7 and does not amend or waive any restriction in C03. No Forge waiver or Willow release is attached.

4 PILOT FUNDING

4.1 Aurora shall pay Willow INR 80,000 for PROJECT-HABITAT by 2027-02-05 at 17:00 UTC against invoice HABITAT-2027. No late charge or unspecified pilot-project damages are agreed.

5 WILLOW DEPLOYMENT PLAN

5.1 Willow shall deliver an approved deployment plan for PROJECT-HABITAT by 2027-02-03 at 17:00 UTC. Approval requires an Aurora signed approval record identifying the plan. A submitted but unapproved draft is insufficient. No plan is assumed from the passage of time.

6 NO AMENDMENT OR REPLACEMENT

6.1 C08 neither amends nor replaces any part of C04, C05 or C02 and does not offset service credits or combine invoices. APP-ATLAS maintenance and service-credit obligations remain exactly as stated in C02. This agreement contains no commitment to change C01.

7 DISPUTES AND JOINT CLAIMS

7.1 Indian law governs. Mumbai courts have exclusive jurisdiction over claims solely under C08. Any combined proceeding involving C04 also requires a separately signed forum agreement under clause 8.1 of C04 and this clause. The parties have not supplied that agreement. Do not assume one forum automatically controls all claims.

8 TERMINATION AND SURVIVAL

8.1 Written breach notice to the other party legal email gives 10 calendar days after receipt to cure, through 17:00 UTC on the tenth following date. Thereafter an uncured breach permits a separate termination notice. Accrued payment obligations survive termination.

9 NOTICES

9.1 Aurora legal email is aurora-legal@aurora.example and Willow legal email is legal@willow.example. A notice takes effect on proven receipt. A C08 notice does not by itself terminate C02.

10 TIME AND ACCOUNTING

10.1 All times UTC and days calendar days, without holiday adjustments. Date-only deadlines end at 17:00 UTC. All amounts exclude taxes. Independent scope does not imply the absence of all business risk; assess each agreement on its evidence.

11 FRAMEWORK RISK ALLOCATION

11.1 Ordinary aggregate damages under this framework are capped at INR 1,000,000, except fraud, wilful misconduct and indemnity obligations. The controller purchase price in clause 3.1 is a payment commitment, not an additional fixed damages charge. No limit from another agreement is imported.

12 PARTICIPANT INDEMNITIES

12.1 A participant shall hold the other protected against third-party claims and reasonable defense costs arising from its own infringement or unauthorized disclosure. The benefiting participant shall notify promptly and cooperate reasonably in the defense.

13 PROJECT CONFIDENCE

13.1 Pilot plans, property drawings and non-public procurement terms shall remain within the authorized project teams. Each party must prevent unrelated use and bind recipients to confidentiality. Apart from material public without breach, these protections last 3 years after the framework ends.

14 PROJECT COMPLIANCE

14.1 Each party must comply with laws applicable to its role in pilot and controller procurement. This includes the Digital Personal Data Protection Act, 2023 where applicable and GDPR where its processing scope applies. Personal-data processing requires access controls and a documented incident-response procedure. No ISO certification is promised.

15 CHANGE OF PARTICIPANT

15.1 A participant may assign the framework only with written consent. An affiliate assignment is permissible on 30 calendar days written notice if the original participant remains liable. Corporate restructuring alone neither replaces a party nor waives consent.

16 PROJECT IMPEDIMENTS

16.1 Relief for an event beyond reasonable control is confined to the affected obligations in pilot and controller procurement. The affected party must give written notice within 5 calendar days after discovery, explain causation and provide mitigation evidence. Accrued payments remain payable. Neither an outage nor supplier delay qualifies automatically.

17 OTHER PARTNERSHIPS

17.1 The parties remain free to enter other arrangements outside the scope of pilot and controller procurement. This agreement grants no exclusivity or non-compete except any restriction expressly stated in this clause.

18 ORDINARY PROJECT WITHDRAWAL

18.1 Either party may end future pilot and controller procurement for convenience by written notice received at the other party legal notice address at least 30 calendar days before termination. Accrued payment obligations, express survival provisions and the stated conditions of any early-exit fee continue to apply.

19 CONVENIENCE NOTICE PERIOD

19.1 For termination for convenience under clause 18.1, either party must give 60 calendar days prior written notice. Clause 18.1 states 30 calendar days for the same notice. Both provisions form part of this agreement and no order of precedence between them is stated.

20 FRAMEWORK EXECUTION

20.1 Mira Sen for Aurora and Kavya Paul for Willow record execution on 2027-01-20.

SCHEDULE A - PROJECT COMMITMENTS

Reference	Item	Agreed particulars
Row 1	PROJECT-HABITAT plan	2027-02-03 at 17:00 UTC
Row 2	Pilot funding	INR 80,000 due 2027-02-05 at 17:00 UTC
Row 3	Surplus AX-7 receipt	Quantity: 100 units on 2027-02-20 at 17:00 UTC
Row 4	Surplus purchase price	INR 600,000 due 2027-02-28 at 17:00 UTC
