AURORA SOFTWARE

PROCESSING & CONFIDENTIALITY

CONTRACT TITLE: Resident Data Processing and Confidentiality Agreement
CONTRACT ID: C07
CONTRACT TYPE: nda
EFFECTIVE DATE: 2027-01-12
PARTY A: Aurora Software Private Limited (the "Company")
PARTY B: Willow Housing Private Limited (the "Counterparty")
GOVERNING LAW: India

APPOINTMENT

Willow appoints Aurora to process resident-service information on its instructions. The processing restrictions are stated first; administration and remuneration follow them. The appointment does not transfer control of the resident information.

1 CONTROLLER INSTRUCTIONS

1.1 Willow Housing Private Limited (P03, Controller) appoints Aurora Software Private Limited (P01, Processor) to process resident-service dataset DS-HOUSING for Willow residential properties in REGION-NORTH. Company legal notice address: aurora-legal@aurora.example. Controller legal notice address: legal@willow.example.

2 CONFIDENTIALITY

2.1 Processor must use DS-HOUSING solely to provide this service, restrict access to authorized staff, and report an observed unauthorized disclosure to Controller within 24 hours of Processor discovery. No disclosure is assumed without supporting observations.

3 CONFIDENTIAL PROCESSING INFORMATION

3.1 Processing instructions and non-public operational information remain confidential during the appointment and for 3 years afterwards. Access is limited to people with a performance need and matching duties. Public information is excluded, without relaxing the separate protections for resident data.

4 EVIDENCE

4.1 A notice records issuer, dataset, region, rule ID, effective time, safeguards and Processor receipt time. A correction identifies the superseded notice. The contractual receipt time and the monitoring system received_at time are distinct. System knowledge must be limited to records received by the simulated clock.

5 APPLICABLE RULE

5.1 For this agreement, an applicable rule-change notice is a supplied record issued by Data Standards Board, naming DS-HOUSING, REGION-NORTH and its rule ID, effective date and required safeguards. The notice must identify the applicable contractual safeguard requirements. A different dataset, region or issuer does not trigger clause 6.1 of C07.

6 SAFEGUARD RESPONSE

6.1 For an applicable notice, Processor must deliver the specified safeguard attestation to Controller by the later of the rule effective instant and 17:00 UTC on the tenth calendar date following receipt by Processor. A safeguard attestation matching rule ID, dataset and region by that deadline satisfies this obligation.

7 REMEDIES AND UNCERTAINTY

7.1 If the attestation is missing after the clause 6.1 of C07 deadline, the obligation is breached and Controller may request immediate remediation and legal review. No regulatory fine, automatic damages, per-day fee or monetary cap for this event is supplied. Do not quantify an unspecified fine as zero or as a guessed number.

8 DATA-PROTECTION OBLIGATIONS

8.1 Each party must comply with laws applicable to its role in resident-data processing. This includes the Digital Personal Data Protection Act, 2023 where applicable and GDPR where its processing scope applies. Personal-data processing requires access controls and a documented incident-response procedure. No ISO certification is promised.

9 CLAIMS ARISING FROM PROCESSING

9.1 For third-party claims resulting from its own infringement or unauthorized disclosure, each party indemnifies the other and pays reasonable defense costs. The claimant must give prompt notice and reasonable assistance in the defense.

10 LIMITATION OF LIABILITY

10.1 Ordinary contractual damages are capped at INR 1,000,000, excluding fraud, wilful misconduct and indemnity obligations. This cap is not a regulatory fine, does not set a fine amount, and does not itself quantify any regulatory liability.

11 TERMINATION

11.1 An uncured material breach may support termination only after written notice received at aurora-legal@aurora.example and a 10-calendar-day cure period through 17:00 UTC on the tenth following date. A separate termination notice is then required. Missing attestation alone does not prove unauthorized disclosure.

12 TRANSFER OF APPOINTMENT

12.1 The appointment cannot be assigned without the other party written agreement. An affiliate assignment requires 30 calendar days notice and continuing liability of the original party. A change of ownership does not rewrite the processing roles.

13 PROCESSING CONTINGENCIES

13.1 Relief for an event beyond reasonable control is confined to the affected obligations in resident-data processing. The affected party must give written notice within 5 calendar days after discovery, explain causation and provide mitigation evidence. Accrued payments remain payable. Neither an outage nor supplier delay qualifies automatically.

14 OTHER PROCESSING APPOINTMENTS

14.1 The parties remain free to enter other arrangements outside the scope of resident-data processing. This agreement grants no exclusivity or non-compete except any restriction expressly stated in this clause.

15 ENDING THE APPOINTMENT WITHOUT CAUSE

15.1 Either party may end future resident-data processing for convenience by written notice received at the other party legal notice address at least 30 calendar days before termination. Accrued payment obligations, express survival provisions and the stated conditions of any early-exit fee continue to apply.

16 CLOCK AND FORUM

16.1 All times UTC, days calendar days, no holiday adjustments. Indian law and exclusive Bengaluru courts apply to the agreement. Fees exclude taxes.

17 APPOINTMENT PERIOD AND REMUNERATION

17.1 The appointment takes effect on 2027-01-12 and ends on 2027-12-31 without automatic renewal. Willow owes Aurora INR 50,000 per billing month, payable by 17:00 UTC on day 5 of the following month. The initial 2027-01-12 through 2027-01-31 period is billed at the full monthly fee and is first due on 2027-02-05. No late fee is agreed.

18 PROCESSING AUTHORISATION

18.1 Mira Sen for Aurora and Kavya Paul for Willow record execution on 2026-12-21.

SCHEDULE A - PROCESSING INSTRUCTION REGISTER

Reference	Item	Agreed particulars
Row 1	Dataset / region	DS-HOUSING / REGION-NORTH
Row 2	Controller	Willow Housing Private Limited (P03)
Row 3	Processor	Aurora Software Private Limited (P01)
Row 4	Monthly processing fee	INR 50,000 payable by Willow to Aurora
