CONTRACT TITLE: Data Processing Agreement
CONTRACT ID: C07
CONTRACT TYPE: nda
EFFECTIVE DATE: 2027-01-01
PARTY A: Aurora Systems Private Limited (the "Company")
PARTY B: Quill Data Private Limited (the "Counterparty")
GOVERNING LAW: India

1 PARTIES AND DATASET

1.1 Aurora Systems Private Limited (P01, Controller) appoints Quill Data Private Limited (P08, Processor) for dataset DS-CEDAR stored in region REGION-NORTH. The parties handle records under this agreement. Company legal notice address: aurora-legal@aurora.example. Counterparty legal notice address: legal@quill.example.

2 TERM AND FEE

2.1 Signed on 2026-12-21; term 2027-01-01 through 2027-12-31 with no automatic renewal. Aurora owes INR 50,000 monthly by the fifth day at 17:00 UTC. No late fee is specified.

3 APPLICABLE RULE

3.1 For this agreement, an applicable rule-change notice is a supplied record issued by Data Standards Board, naming DS-CEDAR, REGION-NORTH and its rule ID, effective date and required safeguards. The notice must identify the applicable contractual safeguard requirements. A different dataset, region or issuer does not trigger clause 4.1 of C07.

4 SAFEGUARD RESPONSE

4.1 For an applicable notice, Processor must deliver the specified safeguard attestation to Controller by the later of the rule effective instant and 17:00 UTC on the tenth calendar date following receipt by Processor. A safeguard attestation matching rule ID, dataset and region by that deadline satisfies this obligation.

5 REMEDIES AND UNCERTAINTY

5.1 If the attestation is missing after the clause 4.1 of C07 deadline, the obligation is breached and Controller may request immediate remediation and legal review. No regulatory fine, automatic damages, per-day fee or monetary cap for this event is supplied. Do not quantify an unspecified fine as zero or as a guessed number.

6 EVIDENCE

6.1 A notice records issuer, dataset, region, rule ID, effective time, safeguards and Processor receipt time. A correction identifies the superseded notice. The contractual receipt time and the monitoring system received_at time are distinct. System knowledge must be limited to records received by the simulated clock.

7 CONFIDENTIALITY

7.1 Processor must use DS-CEDAR solely to provide this service, restrict access to authorized staff, and report an observed unauthorized disclosure to Controller within 24 hours of Processor discovery. No disclosure is assumed without supporting observations.

8 TERMINATION

8.1 An uncured material breach may support termination only after written notice received at legal@quill.example and a 10-calendar-day cure period through 17:00 UTC on the tenth following date. A separate termination notice is then required. Missing attestation alone does not prove unauthorized disclosure.

9 CLOCK AND FORUM

9.1 All times UTC, days calendar days, no holiday adjustments. Indian law and exclusive Bengaluru courts apply to the agreement. Fees exclude taxes.

10 EXECUTION

10.1 Mira Sen for Aurora and Tara Bose for Quill record execution on 2026-12-21.

11 LIMITATION OF LIABILITY

11.1 Ordinary contractual damages are capped at INR 1,000,000, excluding fraud, wilful misconduct and indemnity obligations. This cap is not a regulatory fine, does not set a fine amount, and does not itself quantify any regulatory liability.

12 INDEMNITY

12.1 Each party shall indemnify the other against third-party claims caused by its infringement of intellectual property rights or unauthorized disclosure of confidential information, including reasonable defense costs. The indemnified party shall promptly notify the other party and reasonably cooperate in the defense.

13 CONFIDENTIALITY

13.1 Each party shall protect the other party non-public commercial, technical and personal information, use it only to perform this agreement, and restrict access to personnel bound by confidentiality. These obligations survive termination for 3 years, except information already public without breach.

14 COMPLIANCE

14.1 Each party shall comply with laws applicable to its own performance, including the Digital Personal Data Protection Act, 2023 where applicable and GDPR for processing within its applicable scope. Where personal data is processed, access controls and documented incident-response procedures shall be maintained. No ISO certification is represented by this clause.

15 ASSIGNMENT

15.1 Neither party may assign this agreement without the other party prior written consent, except an assignment to an affiliate on 30 calendar days written notice if the assigning party remains liable. A change of control does not silently replace a contracting party or waive a consent requirement.

16 FORCE MAJEURE

16.1 A party prevented from performing by an event beyond its reasonable control shall notify the other party within 5 calendar days after discovery and provide evidence of the affected obligation and mitigation. Accrued payment obligations are not excused. Relief requires a causal connection and does not apply automatically to every outage or supplier delay.

17 EXCLUSIVITY

17.1 This agreement is non-exclusive. No non-compete or restriction on dealing with other counterparties is imposed except as expressly stated in this clause.

18 TERMINATION FOR CONVENIENCE

18.1 Either party may terminate for convenience by written notice received at the other party legal notice address at least 30 calendar days before the proposed termination date. Accrued payment obligations and express survival provisions remain effective. Any expressly agreed early-exit fee remains subject to its stated conditions.
