PURCHASE AUTHORITY

Aurora issues PO-AX9-100 to Forge for a fixed production lot. Forge accepts the delivery and acceptance conditions set out in this order. Only a signed variation changes quantities or dates.

SCHEDULE A - PURCHASE ORDER

Reference	Item	Agreed particulars
Row 1	PO-AX9-100	Quantity: 100 AX9 R3 controllers
Row 2	Delivery	2027-05-20 at 17:00 IST / UNIT-A
Row 3	Advance	INR 240,000 by 2027-02-05
Row 4	Acceptance-gated balance	INR 560,000

1 ORDER AND SPECIFICATION

1.1 Forge shall deliver 100 AX9 controllers meeting revision R3 to Aurora's UNIT-A receiving desk by 17:00 IST on 2027-05-20. Aurora buys and Forge sells the devices. Substitution requires Aurora's written consent.

2 PRICE AND INVOICE

2.1 The lot price is INR 800,000. Aurora pays INR 240,000 advance by 17:00 IST on 2027-02-05 and INR 560,000 within ten calendar days after both receipt of a valid balance invoice and signed acceptance of the complete lot. Until both gates are met, the balance is not due. No interest or late-payment percentage is agreed.

3 RECEIPT AND ACCEPTANCE

3.1 Aurora has five calendar days after complete physical delivery to inspect quantity and R3 operation. Acceptance requires a record signed by Mira Sen; a carrier's delivery receipt alone does not constitute product acceptance. Aurora identifies any rejection with test evidence.

4 LATE DELIVERY CONSEQUENCE

4.1 Failure to complete delivery by the agreed deadline gives Aurora agreed delay damages of INR 4,000 for each calendar date beginning 2027-05-21 through the actual completed-delivery date inclusive, capped at INR 80,000 for the lot. These damages apply without proving actual loss, but count once per lot, not once per report or unit. They offset damages for the same delay.

5 AFTERCARE

5.1 Forge repairs or replaces covered manufacturing defects notified within twelve months of signed acceptance. Replacement is due within ten calendar days of a verified defect claim. No separate daily warranty penalty is agreed; proven direct loss remains subject to clause 7.1.

6 ORDER DURATION

6.1 The purchase order runs from 2027-01-07 to 2027-06-30, without automatic renewal. Warranty and accrued payment or delay remedies survive expiry. Change requests must identify cost and schedule impact before signature.

7 RISK AND DEFENCE

7.1 Title transfers on full lot payment; risk of transit damage remains with Forge until physical receipt. Each party indemnifies the other for third-party claims caused by its own negligence or infringing supplied materials, with prompt notice and defence control. Ordinary aggregate liability is INR 800,000; fraud and deliberate misconduct are uncapped.

8 ENDING AN ORDER

8.1 Aurora may terminate for convenience on 20 calendar days notice, paying for evidenced non-cancellable conforming work up to the unpaid order price. Either party may terminate for material breach uncured for ten calendar days after detailed notice. No cancellation cost may be recovered twice.

9 DRAWINGS AND COMPLIANCE

9.1 Engineering drawings are confidential for three years after expiry. Forge observes applicable electrical-safety, RoHS and employment law; no ISO certification is represented unless a valid certificate is supplied. Personal data is limited to business contact details and processed lawfully.

10 DEALING AND DISRUPTION

10.1 This order is non-exclusive. Neither party assigns it without written consent. Force majeure requires notice within three calendar days and reasonable mitigation; accepted excused delay extends affected delivery dates only by demonstrated disruption. Accrued charges are not erased.

11 FORUM AND NOTICES

11.1 Indian law applies. Unresolved disputes after 15 calendar days negotiation go to Bengaluru courts. Contract notices go to aurora-legal@aurora.example and legal@forge.example; logistics updates do not amend the order.
