SENTINEL SECURITY

SECURITY OPERATIONS STATEMENT

CONTRACT TITLE: Managed Security Monitoring Statement
CONTRACT ID: AUR-2027-007
CONTRACT TYPE: vendor
EFFECTIVE DATE: 2027-01-18
PARTY A: Aurora Software Private Limited (the "Company")
PARTY B: Sentinel Security Private Limited (the "Counterparty")
GOVERNING LAW: India; forum as stated in the body

MONITORING MANDATE

Aurora instructs Sentinel to monitor production security signals for PROD-AUR. The parties distinguish acknowledgement of a valid alert from investigation or guaranteed prevention of an attack.

1 MONITORED ESTATE

1.1 Sentinel monitors approved logs for PROD-AUR continuously and escalates verified alerts to Aurora's security contact. Aurora supplies supported log feeds and remains controller of its personal data; Sentinel is processor under documented instructions.

2 TERM AND CONTINUATION

2.1 The engagement starts on 2027-01-18 and ends on 2027-12-17. It renews for twelve months unless notice of non-renewal is received at least 45 calendar days before expiry, by 17:00 IST on 2027-11-02 for the first term.

3 RETAINER

3.1 Aurora pays INR 60,000 per calendar month including January in arrears, due by 17:00 IST on the tenth day of the following month. No late-payment rate is agreed; an overdue amount is not a quantified penalty merely because it is overdue.

4 PRIORITY-ONE ACKNOWLEDGEMENT

4.1 For a valid priority-one alert received at the agreed monitored mailbox, Sentinel must acknowledge within 15 minutes. Each distinct alert acknowledged late gives Aurora a credit of 10% of the monthly retainer, capped at 20% of that retainer per calendar month. Duplicate messages for one alert count once. Aurora claims within ten calendar days after acknowledgement.

5 INCIDENT SUPPORT AND COMPLIANCE

5.1 Sentinel begins investigation promptly after acknowledgement, preserves evidence and provides a first report within 24 hours. Confirmed personal-data breaches are reported to Aurora within six hours of discovery. Applicable DPDP and security law govern processing; Sentinel shall maintain ISO 27001 certification and notify Aurora within one day of suspension. A missing certificate requires verification, not an invented statutory fine.

6 RESPONSE UNCERTAINTY

6.1 Low-priority advisory requests shall be answered within a reasonable time. No numeric deadline, daily penalty or universal hourly response promise is specified for those requests. The parties may agree a written target case by case.

7 EXIT AND TRANSITION

7.1 Either party may terminate for convenience on 30 calendar days notice or for material breach uncured within ten calendar days of detailed notice. Sentinel supplies current detection rules and incident records within seven calendar days after exit, with lawful retention copies access restricted.

8 CLAIMS AND CAP

8.1 Sentinel indemnifies Aurora for third-party claims caused by Sentinel's negligent disclosure of data; Aurora indemnifies Sentinel for third-party claims caused by unlawfully supplied log content. Prompt notice and defence control apply. Ordinary aggregate liability is INR 720,000; fraud and deliberate misconduct are uncapped. Credits offset damages for the same loss.

9 RESTRICTED KNOWLEDGE

9.1 Security findings and log extracts remain confidential for five years after exit. Sentinel shall not use Aurora logs to train unrelated models and shall bind approved staff and subprocessors to equivalent confidentiality and processing controls.

10 TRANSFER AND EXCUSED FAILURE

10.1 Assignment or a new data subprocessor requires Aurora's written consent. Force majeure requires notice within 24 hours, evidence and mitigation; an avoidable staffing shortage is not force majeure. The relationship is non-exclusive and imposes no employee non-compete.

11 ESCALATION AND FORUM

11.1 Indian law governs. Service leads attempt settlement for ten calendar days, then unresolved claims go to Bengaluru courts. Notices go to aurora-legal@aurora.example and legal@sentinel.example. Security alerts go to security@aurora.example and soc@sentinel.example.

SCHEDULE A - SECURITY RESPONSE MATRIX

Reference	Item	Agreed particulars
Row 1	P1 acknowledgement	Within 15 minutes / valid monitored alert
Row 2	Late P1 credit	10% of INR 60,000 per alert; monthly cap 20%
Row 3	Low-priority advice	Reasonable time; no numeric deadline
Row 4	Data incident notification	Within six hours of confirmed discovery
