FORGE ELECTRONICS

PROCUREMENT / SUPPLY TERMS

CONTRACT TITLE: Component Supplier Agreement
CONTRACT ID: C03
CONTRACT TYPE: supply
EFFECTIVE DATE: 2027-01-05
PARTY A: Aurora Software Private Limited (the "Company")
PARTY B: Forge Electronics Private Limited (the "Counterparty")
GOVERNING LAW: India

ORDER CONFIRMATION

Aurora confirms its purchase of the identified controller lot. Forge accepts the order subject to the delivery, inspection and sourcing conditions set out here; a resale promise does not accelerate Forge own delivery date.

SCHEDULE A - PURCHASE ORDER

Reference	Item	Agreed particulars
Row 1	PO-AX7 / LOT-AX7	Quantity: 100 conforming AX-7 units
Row 2	Purchase price	INR 500,000
Row 3	Latest depot receipt	2027-02-10 at 17:00 UTC
Row 4	Delay remedy	INR 2,000 per started date; cap INR 20,000

1 PURCHASE PARTICULARS

1.1 Aurora Software Private Limited (P01, Buyer) purchases 100 AX-7 controllers from Forge Electronics Private Limited (P02, Supplier) under purchase order PO-AX7. This is a single delivery lot, LOT-AX7. Company legal notice address: aurora-legal@aurora.example. Counterparty legal notice address: notices@forge.example.

2 TERM AND DELIVERY

2.1 Signed on 2026-12-17 and effective from 2027-01-05 until 2027-03-31. Supplier must deliver the entire conforming lot to Aurora depot DEPOT-A by 2027-02-10 at 17:00 UTC. Early delivery is permitted. The upstream date is not accelerated by any Aurora resale commitment.

3 PRICE AND PAYMENT

3.1 The total price is INR 500,000, payable 30 calendar days after Aurora receives a conforming-delivery acceptance record and invoice INV-AX7, by 17:00 UTC on that following date. No delivery acceptance or invoice is assumed merely from the passage of time. No late-payment fee is agreed.

4 DELAY REMEDY

4.1 For each calendar date beginning on 2027-02-11 while the conforming lot remains undelivered at 00:00 UTC, Supplier owes Buyer INR 2,000, capped at INR 20,000 for this lot. Delivery after 00:00 on a date does not remove that date charge. No delay damages beyond this cap are agreed. These sums are Buyer recoverables, not Buyer payables.

5 ACCEPTANCE EVIDENCE

5.1 A delivery record must identify PO-AX7, LOT-AX7, 100 conforming units, destination DEPOT-A and acceptance time. Partial shipment is not full performance. An unrelated purchase order does not satisfy this obligation.

6 CURE AND TERMINATION

6.1 For a delivery breach, Buyer may send written notice to notices@forge.example. Cure ends at 17:00 UTC on the tenth calendar date after Supplier receives the notice. If full conforming delivery is absent after that deadline, Buyer may serve a separate termination notice; the agreement does not terminate automatically. Curing the breach preserves accrued clause 4.1 of C03 charges.

7 DEPENDENCY BOUNDARY

7.1 Supplier knows Aurora resells LOT-AX7 under customer agreement C04. Supplier makes no promise to meet the C04 resale deadline and owes no C04 penalties. Aurora retains responsibility for its downstream promises.

8 DISPUTES

8.1 Indian law and exclusive Bengaluru court jurisdiction apply to this purchase only. No joint forum with C04 is agreed.

9 TIME AND NOTICES

9.1 All days are calendar days and all times UTC, without holiday adjustments. Written notice is effective on proven receipt, not dispatch. A notice has no effect on a different purchase order. All figures exclude taxes.

10 PURCHASE AUTHORISATION

10.1 Mira Sen for Aurora and Anil Das for Forge record execution on 2026-12-17.

11 REMEDY BOUNDARIES

11.1 The lot-delay remedy is subject to its INR 20,000 cap in clause 4.1. For other ordinary claims the aggregate limit is INR 1,000,000. Fraud, wilful misconduct and indemnity obligations are outside that aggregate limit; downstream penalties do not become supplier liabilities by implication.

12 RESPONSIBILITY FOR THIRD-PARTY CLAIMS

12.1 The party supplying infringing intellectual property or making an unauthorized confidential disclosure must meet the other party third-party claim and reasonable defense costs arising from it. Prompt notification and reasonable defense cooperation are conditions of this mutual protection.

13 ORDER CONFIDENCE

13.1 Bills of materials, testing records and order pricing supplied in confidence shall stay within the purchasing and fulfilment teams on equivalent confidentiality terms. The restriction survives this order for 3 years and does not cover material already public without breach.

14 MANUFACTURING STANDARDS

14.1 Each party must comply with laws applicable to its role in controller manufacture and delivery. This includes the Digital Personal Data Protection Act, 2023 where applicable and GDPR where its processing scope applies. Personal-data processing requires access controls and a documented incident-response procedure. No ISO certification is promised.

15 ORDER ASSIGNMENT

15.1 This order may not be assigned without the other party written approval. Assignment to an affiliate is an exception only after 30 calendar days written notice and with the assignor remaining liable. Ownership changes alone do not transfer the order.

16 UNAVOIDABLE SUPPLY INTERRUPTION

16.1 Relief for an event beyond reasonable control is confined to the affected obligations in controller manufacture and delivery. The affected party must give written notice within 5 calendar days after discovery, explain causation and provide mitigation evidence. Accrued payments remain payable. Neither an outage nor supplier delay qualifies automatically.

17 EXCLUSIVE PROCUREMENT

17.1 From 2027-01-05 through 2027-03-31, Aurora shall source all AX-7 controllers exclusively from Forge. Aurora shall not commit to purchase AX-7 controllers from another supplier during that period without Forge prior written waiver. No waiver is attached.

18 CANCELLATION OF FUTURE SUPPLY

18.1 Either party may end future controller manufacture and delivery for convenience by written notice received at the other party legal notice address at least 30 calendar days before termination. Accrued payment obligations, express survival provisions and the stated conditions of any early-exit fee continue to apply.

19 CHANGE REQUEST RESPONSE

19.1 Supplier shall respond to an Aurora delivery-change request within a reasonable time. The parties have not specified a numeric response deadline or a monetary remedy for this response obligation.
