FORGE ELECTRONICS

EQUIPMENT HIRE DEED

CONTRACT TITLE: Equipment Hire Deed
CONTRACT ID: C09
CONTRACT TYPE: lease
EFFECTIVE DATE: 2027-01-04
PARTY A: Aurora Software Private Limited (the "Company")
PARTY B: Forge Electronics Private Limited (the "Counterparty")
GOVERNING LAW: India

WITNESSETH

Forge makes the equipment described below available on hire. Aurora accepts possession for its own operations, without acquiring title. The rent, custody and hand-back promises form the consideration for this deed.

SCHEDULE A - EQUIPMENT REGISTER

Entry	Asset	Quantity
Row 1	EQ-DR01 backup node	One
Row 2	EQ-DR02 backup node	One

1 PROPERTY ON HIRE

1.1 Forge Electronics Private Limited (P02, Owner) hires backup nodes EQ-DR01 and EQ-DR02 to Aurora Software Private Limited (P01, Hirer). The nodes are reserved for the resident-data recovery service under C14.

1.2 Aurora shall keep the nodes at UNIT-5, exercise reasonable care and neither sell nor pledge them. Forge retains ownership. Consent to this hire is not a waiver of AX-7 procurement restrictions under C03.

2 HIRE ACCOUNT

2.1 Possession begins on 2027-01-04 and ends on 2027-06-30. There is no automatic extension. Rent is INR 30,000 monthly, due on day 10 at 17:00 UTC against HIRE-YYYY-MM. No deposit or payment interest is stipulated.

2.2 The monthly sum includes ordinary maintenance of both nodes. An additional equipment charge cannot be inferred from the C14 service fee, which belongs to a separate agreement.

3 HAND-BACK PROCEDURE

3.1 Both nodes must be physically received at Forge depot DEPOT-F by 2027-06-30 at 17:00 UTC. Dispatch does not constitute return. The receipt must identify both asset IDs.

3.2 For every started UTC calendar date from 2027-07-01 when either node remains unreturned at 00:00 UTC, Aurora owes INR 2,000 in total, not per node. The hand-back charge is capped at INR 20,000. A later return on that date does not reverse its charge.

4 CUSTODY AND RESPONSIBILITY

4.1 Aurora is responsible for loss caused by its negligent custody, limited to INR 400,000 in aggregate for both nodes. Ordinary wear is excluded. Each party indemnifies the other for third-party intellectual-property claims caused by its own materials; fraud and those indemnities are outside the custody cap.

4.2 Configuration information is confidential for 2 years after return. Personal data on a node must be protected under applicable data-protection law and erased before hand-back; a blank node alone is not proof of return.

5 EARLY ENDING AND EXCEPTIONAL EVENTS

5.1 A material breach may be ended after a written notice and 7 calendar days to cure. Aurora may end the hire for convenience on 30 calendar days notice, but rent through actual return remains due.

5.2 Neither party may assign the deed without written consent. Force majeure requires prompt written evidence and mitigation; it does not erase accrued rent or automatically postpone hand-back. Indian law applies and Bengaluru courts have exclusive jurisdiction. Calendar days and UTC govern all deadlines.

6 DELIVERY OF THIS DEED

6.1 Mira Sen for Aurora and Anil Das for Forge record execution on 2026-12-22. Notices go to aurora-legal@aurora.example and notices@forge.example respectively.
