FORGE ELECTRONICS

FIRMWARE DEVELOPMENT LICENSE

CONTRACT TITLE: Firmware Development Software Subscription
CONTRACT ID: C06
CONTRACT TYPE: saas
EFFECTIVE DATE: 2027-01-10
PARTY A: Aurora Software Private Limited (the "Company")
PARTY B: Forge Electronics Private Limited (the "Counterparty")
GOVERNING LAW: India

LICENSE ELECTION

Aurora selects the controller-development subscription offered by Forge. Access to the tool is licensed for the stated purpose; neither purchase of controllers nor delivery of software to a customer transfers the tool itself.

1 LICENSED ACCESS

1.1 Aurora Software Private Limited (P01, Subscriber) licenses TOOL-CIRCUIT from Forge Electronics Private Limited (P02, Vendor). This document includes the original agreement and an executed amendment. Company legal notice address: aurora-legal@aurora.example. Counterparty legal notice address: legal@forge.example.

2 TERM

2.1 The original agreement is signed on 2026-12-20. Subscription runs from 2027-01-10 through 2027-12-31 inclusive and automatically renews for one year unless valid non-renewal notice is given under clause 3.1 of C06 as amended when applicable.

3 ORIGINAL NOTICE WINDOW

3.1 In the original agreement, Subscriber must give notice at least 60 calendar days before the current term end date. Notice must be received at notices@forge.example by 17:00 UTC on the calculated cutoff date and identify TOOL-CIRCUIT. See the embedded amendment clause 19.1 of C06-clause 19.3 of C06 for its limited change and effective date.

4 SUBSCRIPTION PRICE

4.1 The license fee is INR 120,000 for the initial year, due on 2027-01-31 at 17:00 UTC under invoice CIRCUIT-2027. Renewal price remains INR 120,000 per year. There is no agreed late charge.

5 SERVICE SCOPE

5.1 Subscriber may use TOOL-CIRCUIT for internal firmware development and controller configuration only. This subscription neither changes APP-ATLAS obligations nor incorporates any Forge marketing statements.

6 TERMINATION

6.1 A material-breach notice received at the other party legal email gives a 10-calendar-day cure period, ending at 17:00 UTC on the tenth following date. After an uncured breach a separate termination notice may be served. Vendor legal email is legal@forge.example; Subscriber email is aurora-legal@aurora.example.

7 MISSING EXIT FEE SCHEDULE

7.1 On early termination, Subscriber shall pay the migration fee stated in Schedule B. Schedule B is not attached to this execution copy. No numeric migration fee, formula or waiver appears elsewhere in this agreement. Non-renewal at term end is not early termination. Obtain Schedule B before quantifying an early-termination migration fee.

8 PRECEDENCE AND SURVIVAL

8.1 Only an expressly executed amendment may change this agreement. The embedded amendment changes only the identified notice period from its effective date; other obligations, accrued charges, and missing Schedule B remain unchanged. No general replacement is intended.

9 TIME AND DISPUTES

9.1 Calendar days and UTC apply, without holiday adjustments. Date-only deadlines end at 17:00 UTC. Indian law and exclusive Bengaluru courts apply. Financial figures exclude taxes.

10 SUBSCRIPTION ACCEPTANCE

10.1 Mira Sen for Aurora and Anil Das for Forge record execution on 2026-12-20.

11 SUBSCRIPTION LIABILITY

11.1 Ordinary aggregate claims concerning this subscription are limited to INR 1,000,000, excluding fraud, wilful misconduct and indemnity obligations. The limit is not a price for the absent migration-fee schedule and supplies no missing fee or formula.

12 LICENSE CLAIM ALLOCATION

12.1 Third-party intellectual-property or confidentiality claims caused by a party infringement or unauthorized disclosure are that party responsibility by indemnity, including reasonable defense costs. The other party shall promptly notify the claim and reasonably cooperate.

13 KEYS AND DOCUMENTATION

13.1 License keys, non-public tool documentation and each party commercial information are confidential. Their use is limited to performance of the subscription; access is restricted to bound personnel. Confidentiality survives expiry for 3 years, with an exception for information public without breach.

14 LICENSE COMPLIANCE

14.1 Each party must comply with laws applicable to its role in operation of the development tool. This includes the Digital Personal Data Protection Act, 2023 where applicable and GDPR where its processing scope applies. Personal-data processing requires access controls and a documented incident-response procedure. No ISO certification is promised.

15 SUBSCRIPTION ASSIGNMENT

15.1 A subscription assignment needs the other party written consent, except an affiliate assignment notified 30 calendar days in advance with the original subscriber or vendor remaining liable. A sale of a business does not automatically transfer the license.

16 EXCEPTIONAL LICENSE DISRUPTION

16.1 Relief for an event beyond reasonable control is confined to the affected obligations in operation of the development tool. The affected party must give written notice within 5 calendar days after discovery, explain causation and provide mitigation evidence. Accrued payments remain payable. Neither an outage nor supplier delay qualifies automatically.

17 OTHER SOFTWARE TOOLS

17.1 The parties remain free to enter other arrangements outside the scope of operation of the development tool. This agreement grants no exclusivity or non-compete except any restriction expressly stated in this clause.

18 CONVENIENCE EXIT

18.1 Either party may end future operation of the development tool for convenience by written notice received at the other party legal notice address at least 30 calendar days before termination. Accrued payment obligations, express survival provisions and the stated conditions of any early-exit fee continue to apply.

19 EMBEDDED AMENDMENT

19.1 LIMITED CHANGE. Aurora and Forge, as the same parties to C06, execute this amendment on 2027-01-10. Effective 2027-03-01 at 00:00 UTC, replace only the words "60 calendar days" in clause 3.1 of C06 with "30 calendar days". The amendment is prospective from that effective instant.

19.2 PRESERVED PROVISIONS. All other C06 terms remain unchanged, including its year-end term, notice receipt address and time, annual price, and the absent Schedule B. Before 2027-03-01 at 00:00 UTC, the original 60-day provision is applicable. The amendment does not replace the original agreement or waive accrued rights.

19.3 AMENDMENT EXECUTION. Mira Sen for Aurora and Anil Das for Forge record amendment execution on 2027-01-10. All provisions not expressly changed remain in force.
