FORGE ELECTRONICS

AX-7 WARRANTY UNDERTAKING

CONTRACT TITLE: AX-7 Product Warranty Undertaking
CONTRACT ID: C15
CONTRACT TYPE: supply
EFFECTIVE DATE: 2027-01-14
PARTY A: Aurora Software Private Limited (the "Company")
PARTY B: Forge Electronics Private Limited (the "Counterparty")
GOVERNING LAW: India

WARRANTY GIVEN

Forge warrants the covered controllers to Aurora on the conditions below. This undertaking addresses manufacturing defects after acceptance; it does not replace the delivery obligation or extend a customer deadline under another sale.

1 COVERED GOODS

1.1 Forge Electronics Private Limited (P02, Warrantor) gives Aurora Software Private Limited (P01, Buyer) this undertaking for the AX-7 controllers supplied under PO-AX7 and C03. Each claim must identify a covered serial number and its original conforming acceptance date.

2 COVERAGE

2.1 Manufacturing defects arising in normal use are covered for 12 calendar months from the original acceptance date. Physical misuse, unauthorized modification and ordinary wear are excluded only when supported by evidence. A replacement does not reset the original warranty period.

3 CLAIM AND REPLACEMENT

3.1 A claim received at notices@forge.example must identify its claim ID, serial number, acceptance record and defect evidence. A complete claim within coverage starts the replacement process.

3.2 Forge shall deliver a conforming replacement by 17:00 UTC on the tenth calendar date following receipt of a valid claim. Receipt at the exact deadline is timely; dispatch is not delivery.

3.3 For each started UTC calendar date after the replacement due date when the replacement remains undelivered at 00:00 UTC, Forge owes Aurora INR 1,000, capped at INR 10,000 per claim. These charges do not extinguish the replacement duty. No full purchase-price refund follows automatically from a delay.

4 TRANSPORT AND INFORMATION

4.1 Forge bears reasonable return transport for an accepted covered claim. Aurora shall remove data and protect credentials before return. Technical claim records are confidential for 2 years, subject to mandatory legal disclosure and applicable privacy law.

5 PRICE ALLOCATION

5.1 Warranty coverage is included in the price under C03. This undertaking creates no separate warranty subscription fee and does not add another INR 500,000 to that purchase.

6 REMEDIES AND FORUM

6.1 Ordinary warranty damages are capped at INR 250,000, excluding fraud and each party indemnity for third-party claims caused by its own infringement. No damages amount follows from that cap alone. Indian law and Bengaluru courts govern warranty disputes independently of a downstream resale.

7 CONTINUING RIGHTS

7.1 The undertaking operates from 2027-01-14 through 2027-12-20 without auto-renewal. Coverage already earned by original acceptance survives until its own expiry. Material breach allows termination of future obligations after 10 calendar days written cure notice, without extinguishing earned coverage.

7.2 Neither party may assign this undertaking without consent. Force majeure relief requires proof, notice and mitigation and does not automatically defeat a replacement claim. There is no exclusivity beyond any separate express procurement promise.

8 WARRANTOR AND BUYER

8.1 Mira Sen for Aurora and Anil Das for Forge record execution on 2026-12-24. Notices to Aurora use aurora-legal@aurora.example. All dates use calendar days and UTC.
